Home

One of our customers who had a water loss used Prestige's loss mitigation coverage to install generators so their sump pump wouldn't fail again due to power loss. They were the only ones in their neighborhood who didn't get water in their basement again when the next big storm hit—preventing further damage and headaches for the customer.

Everyone we spoke to the very first question was "are you ok" —then about the house... It could not have been more pleasant, or more supportive.

~ Chick Weiss,
a Hanover Prestige customer

I can't rate The Hanover more highly... They were so helpful at every stage of the process and dealt with everything expertly and efficiently. It makes such a difference knowing that your insurance company is even better than your expectations and go the extra mile, not just to deal with the costs but to guide you through the stages of the claim. It was great to know they are completely on your side and will be supporting you. I wouldn't even consider another company after this, they were that good.
