# Great reasons to choose Hanover GlobalReach

### Our agents

We partner with the best agents—well-informed experts who understand foreign exposures and who proactively look out for your interests.

### Our approach

Our expert Hanover underwriters manage your entire account, creating a seamless total account solution by working with your agent to identify and assess your company's unique insurance needs and coordinating placement of all of the elements of your U.S. domestic and foreign insurance programs.

### Our support

- Our offering includes medical, security, and travel-related assistance services for employees and their families traveling to foreign locations on business through our partnership with UnitedHealthcare Global Assistance Services
- Through our partnership with RSA and our access to a global network of local insurers, your foreign claims will be handled by local experts, providing professional claims management and servicing in accordance with local laws and regulations

### Our products

- We offer a suite of non-admitted foreign coverages in a single package policy, combining specialized property and liability coverages, designed to address the foreign exposures of U.S. domestic companies
- Our comprehensive non-admitted solution fills existing coverage gaps in your U.S. domestic policy
- Key coverages in our comprehensive non-admitted solution include commercial global property, commercial global liability, international business auto, foreign voluntary workers' compensation and employers liability, kidnap, ransom and extortion and business travel accident
- Standalone limits are provided separate from the U.S. domestic policy
- Through our partnership with the RSA Group, one of the world's leading standard general insurers, we are able to access a global network of highly respected local insurers in each of the countries you conduct foreign business. This network ensures we can provide admitted solutions that are compliant with local laws and legislation in over 180 countries.
- We are able to provide a controlled master program (CMP) with difference in conditions/difference in limits coverage that will bridge coverage gaps in the local admitted policies
