

GENERAL PURCHASING TERMS AND CONDITIONS

1. GENERAL PROVISIONS - CONCLUSION OF CONTRACT

- 1.1** The acceptance of the purchase order by the Supplier (hereinafter referred to as the “Supplier”) constitutes acceptance of these General Purchasing Terms and Conditions (“GPTC”), which govern the contractual relations between Feller AG, part of Schneider Electric Group (hereinafter referred to as “Feller”) and Supplier, subject to the provisions of the specific terms of the order for product, supply, works and/or services as set out in Feller’s purchase order (“Order”) and to the exclusion of any other terms that the Supplier seeks to impose or incorporate, or which are implied by law, trade custom, practice or course of dealing. For purposes hereof, Feller and the Supplier are collectively referred to as the “Parties” and individually as a “Party”. The purchasing terms and conditions of Feller shall also apply if Feller accepts deliveries or services from the Supplier without reservation in full awareness of contradictory or deviating terms and conditions of the Supplier and/or does not expressly reject their validity.
- 1.2** The Parties agree that Feller’s procurement commitment (i.e. the validity of the Order placed with the Supplier) is dependent on the Supplier’s acceptance of all provisions of the Order including these GPTC.

2. DELIVERY – ACCEPTANCE OF DELIVERY

- 2.1** The contractual delivery date is understood as being when the goods have arrived and been unloaded at the delivery address specified in the Order (or according to the DAP Incoterm (Incoterms ICC 2020). It is a fundamental requirement of the Order and time of delivery is of the essence. The effective delivery date is the date stamped by the receiving agent of the goods on the receipt slip (or delivery slip), duly signed by one of its authorised representatives. No early deliveries may be made without Feller’s prior written agreement (including fax and email).
- 2.2** If an acceptance procedure is provided for under the specific terms of the Order, such procedure is the instrument by means of which, at the Supplier’s initiative, Feller represents that it accepts (with or without reservations) the goods, works and/or services which are the subject matter of the Order (“Supply”).

3. LEAD-TIMES – LIQUIDATED DAMAGES

- 3.1** In the event of delays in delivery or acceptance, which are not attributable to:
- (a) An event beyond the control of a Party (or any person acting on its behalf), which by its nature could not have been foreseen by such Party (or such person), or if it could have been foreseen was unavoidable and for which the Supplier is not responsible, including acts of God, epidemics, pandemics, storms, floods, riots, fires, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities or other national or international calamity or one or more acts of terrorism or failure of energy sources (“an Event of Force Majeure”); or
 - (b) For which the Supplier is not responsible otherwise.
- 3.2** The Supplier shall owe liquidated damages for delay calculated on the total net amount of the delayed Supply in the amount of 1% per calendar week of delay up to a maximum of 5% of this amount. The Supplier has the right to show that no damage was incurred by Feller or that the damage was lower than set out above. Over and above this maximum limit, Feller reserves the right:
- (a) To claim its actual damage from the Supplier within the framework of a claim for damages; and

GENERAL PURCHASING TERMS AND CONDITIONS

(b) To cancel the Order in full or in part (without prejudice to any claims for damages).

The claim for liquidated damages due to the delay will be set off against further claims for damages.

4. MODIFICATIONS

4.1 Feller may request changes to the amount or substance of the Supply at any time during the Order fulfilment process and the Supplier hereby accepts that principle. Any such changes must be recorded in an amendment negotiated between Feller and the Supplier setting out, where applicable, the new contractual deadline for delivery/acceptance and the corresponding adaptations to the economic terms of the original Order. If the Parties fail to reach a written agreement on the terms of that amendment within fifteen (15) calendar days of the request for changes submitted by Feller, the latter will be entitled to unilaterally impose those changes provided that it pays the Supplier, where applicable, any price increases it deems reasonable and subject to the Supplier's right to challenge that amount and only if such changes are acceptable for the Supplier and if Feller has a legitimate interest therein.

4.2 The Supplier acknowledges that the Supply will be installed, delivered or performed in areas already affected by, or that may be affected in the future by, the prevailing COVID-19 epidemics/pandemic and that the situation may trigger stoppage, hindrance or delays in Feller's capacity to accept such Supply or perform any of its obligations under these GPTC, irrespective of whether such stoppage, hindrance or delays are due to measures imposed by authorities or deliberately implemented by Feller as preventive or curative measures to avoid harmful contamination exposure of Feller's employees. Unless Feller is responsible for such circumstances, the Supplier therefore recognizes that such circumstances shall release Feller from the obligation to perform its obligations under these GPTC and allow Feller to cancel or delay any Order without any penalties or any other damages or termination for default.

5. TRANSFER OF RISKS AND TITLE

Notwithstanding any verification work or acceptance procedure at the Supplier's premises, the transfer of risk in, and title to, the Supply takes place upon delivery of the Supply. If an acceptance procedure is provided for, the Supplier nevertheless continues to bear the inherent risks affecting the Supply until Feller declares acceptance without reservations. In all cases, the Supply is transported at the Supplier's risk.

6. MARKING, PACKAGING AND DOCUMENTATION

6.1 The Supplier shall comply with the provisions of Regulation EC 765/2008, decision 768/2008/EC and the harmonised EN 50581 (in Switzerland: Product Safety Law, PrSG) standard and all associated implementing legislation, including the manufacturer's obligation to issue a declaration of conformity in the form of appropriate technical documents.

6.2 The Supply will be delivered in packaging that is suitable for that type of Supply and provides adequate protection, in particular against the risk of bad weather, corrosion, vibrations or loading or unloading accidents and without restrictions for carriage and storage. That packaging must comply with standard industry practice and any specifications set out in the Order. Unless otherwise provided for, the packaging is not subject to a deposit but, if this were the case, it shall be returned at the Supplier's expense. The Supply is delivered together with the documentation required for its use, maintenance and upkeep.

6.3 The packaging used for the Supplies must meet the requirements set out in the applicable EU directives and regulations and those set out in the applicable statutory and regulatory provisions of domestic law.

GENERAL PURCHASING TERMS AND CONDITIONS

- 6.4** The Supplier must always be in a position to present to Feller and any control officers a written declaration of compliance for the packaging used.
- 6.5** The Supply must be delivered with the documentation required for its use, maintenance and servicing and, where applicable, with any other documentation required under the Order and/or applicable provisions.

7. INSPECTION

- 7.1** The Supplier is responsible for ensuring that the Supply is free from defects and meets the contractually agreed requirements. Under no circumstances shall the inspections carried out by Feller prior to, during or after delivery/acceptance discharge the Supplier from the obligation to deliver a defect-free Supply.
- 7.2** The Supplier is solely responsible for obtaining all authorisations and certifications required in connection with the design, manufacturing, carriage, installation, inspection and testing of the Supply, from the appropriate administrative authorities.

8. SHIPPING

At the same time as any shipping of the Supply, the Supplier shall send to Feller, by mail, a copy of the dispatch note mentioning the references and date of the Order, the number of parcels and an exact description of the shipped Supply. The original of this note shall accompany each shipment of parcels, together with the certificates of conformity and the verification reports.

9. REFUSAL TO ACCEPT DELIVERIES

Feller may refuse to accept Supplies of the Supplier which fail to comply with the specifications of the Order. Any Supply which Feller refuses to accept shall be considered as not having been delivered/accepted and shall be taken back by the Supplier, at its expense, within an appropriate period of time from receipt of the rejection notice. Otherwise, the Supply shall be sent back to the Supplier at its own expense and risk. Where a delivery is rejected, Feller may ask the Supplier to replace the Supply as swiftly as possible and in such a case, Feller may charge the liquidated damages set out in Article 3 above from the date on which the default in delivery commences.

10. INVOICING

- 10.1** Any invoice shall be sent to the invoicing address mentioned in the Order and shall contain Feller's references and those of the corresponding Order. Each invoice relates to only a single Order and shall include the description of the Supply invoiced, and the unit prices and volumes delivered.
- 10.2** Feller reserves the right to suspend payment of any invoice which fails to comply with regulatory provisions and/or those of this Article. Feller will inform the Supplier about any discrepancies in the amount or quality of the Supply delivered or the price invoiced and will request repayment of the amount or, if possible, offset the amount against another amount due. The Supplier shall raise any objections or defenses against such claim within one year from the end of the year in which the Supplier gained knowledge of the fact that such claim was asserted. If no objections or defenses are raised within that period of time, the claim will be deemed accepted and the Supplier must issue a rectified invoice and a corresponding credit note or make the corresponding refund within five (5) business days.

GENERAL PURCHASING TERMS AND CONDITIONS

11. PRICES AND TERMS OF PAYMENT

- 11.1** Unless otherwise provided in the Order, the prices mentioned in the Order are firm and non-revisable and are understood as being carriage paid, inclusive of packaging, insurance and delivery expenses, and exclusive of VAT.
- 11.2** In the absence of provisions to the contrary in the Order, payments are made by bank transfer thirty (30) days' net from the end of the month of delivery/acceptance, on the 10th of the following month. Feller will suspend payment of any differential amounts due to incorrect invoices until the corresponding amount has been credited to its account or a rectified invoice has been issued.
- 11.3** At Feller's choice, the Supplier may be paid either by Feller or Boissière Finance (Schneider Electric), to which Feller has granted a mandate to pay its suppliers.
- 11.4** Under no circumstances may payments made by Boissière Finance cause it to assume the rights and obligations of Feller vis-à-vis the Supplier pursuant to the Order, as a result, the Supplier may not make any claim or institute any proceedings against Boissière Finance concerning the Order, its performance or the resulting consequences.

12. ASSIGNMENT

- 12.1** Should the Supplier assign its payment claims under the Order in full or in part, the Supplier shall inform Feller's Supplier Accounts Department in writing at least fifteen (15) days beforehand. This also applies to any agreement relating to a factoring operation.
- 12.2** With the exception of payment claims, the Supplier shall not assign/transfer the whole or part of the rights and/or obligations under the Order without Feller's prior written authorization.
- 12.3** Should the Supplier have signed a factoring contract and have duly notified Feller thereof, all of the Supplier's invoices shall be paid to the factoring company with which the Supplier concluded the contract.

13. SUBCONTRACTORS

If Feller has a particular interest in the Supplier performing the contractually owed services itself, the Supplier may not sub-contract all or part of an Order unless it has obtained Feller's prior written approval. In such case, Feller reserves the right not to approve the sub-contractor proposed by the Supplier. If the Supplier sub-contracts all or part of an Order without Feller's prior written consent, Feller may cancel the Order without prejudice to any claim for damages available to it.

14. MOULDS, TOOLS, TEST RESOURCES

- 14.1** Any moulds, tools, or test resources ("Equipment") manufactured specifically in the context of performing the Order at Feller's expense shall become the exclusive property of Feller as soon as it is created and may only be used by the Supplier in order to meet Orders placed by Feller. If it is deposited in the Supplier's premises, this Equipment shall have an ownership plate in Feller's name affixed to it and it shall be immediately returned to the latter in good working order in case of a cancellation or fulfilment of all Orders for which this Equipment is used. The Supplier is responsible for maintenance and routine repair work to the Equipment at its expense. The Supplier will store the Equipment at its own risk and has to take out appropriate insurance.
- 14.2** If a loss occurs for which the Supplier is responsible, the Supplier shall restore the Equipment to its original condition, at its own expense and as swiftly as possible, unless the Equipment is found to be unrepairable, in

GENERAL PURCHASING TERMS AND CONDITIONS

which case the Supplier shall, if responsible, compensate Feller for its fair market value, which may not be less than twenty-five percent (25%) of its replacement value.

15. WARRANTIES

15.1 The Supplier warrants that the Supply will be free from any defect on the date of delivery or acceptance in design, performance, material, manufacturing or workmanship for a period of twenty-four (24) months commencing on the date of delivery or acceptance, where an acceptance procedure is required unless the Supply is for a building or a component to be used for a building or a right for the surrender of an object or a right registered in the land register, which shall be subject to the statutory provisions unless agreed otherwise in the following. Accordingly, if Feller or Feller's customer discovers a defect in or problem with the Supply, the Supplier undertakes to rectify, repair or replace the Supply, at Feller's option, at the Supplier's expense (including any travel, dismantling/re-assembly expenses) so that the latter operates in full compliance with the provisions of the Order and is free from defects in all respects.

15.2 If a claim is made under this warranty and the Supplier fails to correct the defect within a reasonable time, assessed with respect to the constraints faced by Feller or its own customer (after two attempts in case of a purchase contract or a contract for work and materials (*Werklieferungsvertrag*) and after one attempt in case of a contract to produce a work (*Werkvertrag*)), Feller reserves the right to correct it directly or through a third party, acting in the place and stead of the Supplier and, in case of a purchase contract or contract for work and materials, Feller shall be entitled to assert the respective costs vis-à-vis the Supplier as damages and, in case of a contract to produce a work, within the framework of subsequent performance.

15.3 Any service furnished and/or any item replaced/rectified/repared under this warranty will be covered by this warranty for a period of twenty-four (24) months on the terms and conditions set out above. This warranty covers all parts/services other than those treated as consumables, with a useful life of less than twenty-four (24) consecutive months.

15.4 The Supplier shall deliver all spare parts for ten (10) years as from delivery/acceptance of the Supply.

16. LIABILITY

Supplier will indemnify, keep indemnified and hold Feller harmless in full and on demand from and against all liabilities (including any tax liability) direct, in direct and consequential losses, damages, claims, proceedings and legal costs (on an indemnity basis) judgments and costs (including costs of enforcement) and expenses which Feller incur or suffer directly or indirectly in any way whatsoever as a result of or in connection with a breach of, or a failure to perform or detect or delay in performance or negligent performance of, any of the Supplier's obligations under these GPTC or the Order, provided that this Article will not apply to any breach of, or failure to perform or defect or delay in performance or negligent performance of Article 23.

17. INTELLECTUAL PROPERTY

17.1 If the nature of the respective Order allows for such transfer, the Supply, including all deliverables, findings, inventions, know-how, software and intellectual works designed or developed as part of the services and all associated intellectual property rights ("Results"), ordered by Feller become the exclusive property of Feller in consideration for the payment of the agreed price, provided that such transfer of title is part of the Contract. Should it not be possible to transfer the title to Results for legal reasons, Feller shall have the exclusive,

GENERAL PURCHASING TERMS AND CONDITIONS

irrevocable, transferrable and sublicensable right of use, unlimited in terms of time, location and content, regarding the Results in which no third-party rights are vested, such as the right to names of the creator.

- 17.2** Without prejudice to Article 17.1, the Supplier will, if in line with the nature of the respective Order:
- (a) Assign to Feller, as and when created, all of the Results and all of the corresponding intellectual/industrial property rights including, but not limited to:
 - (i) The right to use the Results in any place, for all purposes and for an unlimited number of users,
 - (ii) The right to reproduce as many copies of the Results as Feller deems fit, on any type of medium and using any means, now known or hereafter devised,
 - (iii) The right to display the Results, using any processes now known or hereafter devised and/or on any type of medium, for no additional charge or against payment,
 - (iv) The right to adapt and/or modify all or part of the Results directly or using any third party of its choice, and
 - (v) The right to directly or indirectly transfer and/or distribute all or part of the Results, for no additional charge or against payment, in any form, using means and on any type of medium.
- 17.3** In case of a transfer of title or an exclusive right of use pursuant to Article 17.1 or if such course of action follows from the nature of the Order, the Supplier shall provide to Feller, on request, the source and object programs/codes for the software forming part of the Results and any associated documentation;
- 17.4** In case of a transfer of title or an exclusive right of use pursuant to Article 17.1, the Supplier will
- (a) Not file any application to register any industrial property rights in the Results and acknowledges that Feller is the only person authorised to take the necessary steps to establish and protect its rights in the Results. Accordingly, the Supplier undertakes to provide Feller with such assistance as it may require allowing it to protect and defend and exploit the Results;
 - (b) Not directly or indirectly exploit the Results, in any manner whatsoever, for any purpose other than the fulfilment of the Order.
- 17.5** The rights transferred under this Article 17.1 are transferred worldwide, for the entire period of statutory protection afforded to the intellectual property rights in the Results, and in accordance with all relevant legislation and international agreements applicable in that respect.
- 17.6** The Supplier shall hold Feller and all affiliates of Schneider Electric, harmless from and against any and all legal action taken by third parties based on (alleged or established) acts of infringement and/or claiming intellectual property rights in the Supply and/or Results delivered in fulfilment of the Order, provided that the Supplier is responsible therefor. If such action is taken against a Feller group company, the Supplier shall indemnify, keep indemnified and hold harmless Feller, Feller's customers, officers, employees, agents and sub-contractors in full and on demand from and against all liabilities (including tax liability) direct, indirect and consequential losses, damages, claims, proceedings and legal costs (on an indemnity basis), judgments and costs (including enforcement costs) and expenses which Feller, Feller's customers, officers, employees, agents or subcontractors incur or suffer directly or indirectly in any way whatsoever as a result of or in connection with that IPR Claim (including the defence and all settlement of such claim), provided that the Supplier is responsible therefor.

18.1 Any information (excluding any information that falls within the exclusions set out in Article 18.4, regardless of its nature or its support medium (whether written, oral, in electronic form or any other media), exchanged between the Parties, or to which either Party may have access in the context of the Order, shall be considered by the recipient Party (the “Recipient”) as being strictly confidential and exclusively reserved for the purpose of performing the Order, to the exclusion of any and all other use (“Confidential Information”).

18.2 The Recipient will:

19. INSURANCE

19.1 At Feller’s request, and in any case within ten (10) days from Order acceptance, Supplier shall provide all certificates of insurance to be issued by its insurers, covering to a reasonable extent the risks associated with the fulfilment of the Order, and, in all cases for a minimum insured amount of five million CHF (CHF5,000,000), and obtain, at its own expense, any reasonable additional cover that Feller legitimately deems necessary based on the risks associated with the fulfilment of the Order.

GENERAL PURCHASING TERMS AND CONDITIONS

20. CANCELLATION AND TERMINATION

20.1 After having set an appropriate deadline or after having issued a respective warning notice, Feller may unilaterally cancel the Order for objective reasons without further formalities or, as the case may be, terminate it for cause (*außerordentlich kündigen*) unless a declaration of cancellation or termination is not required. The following reasons are objective reasons:

20.4 In case of a framework agreement or other continuing obligation, the Parties are entitled to terminate such contract at any time observing a notice period of six (6) months taking effect to the end of a calendar month. If the Parties agreed on a minimum term, such contract may only be terminated with effect from the expiry of the minimum term.

21.1 Supplier acknowledges that it is fully aware of, and knowledgeable about, the export and re-export controls regulations, ordinances and laws in the jurisdiction from which the Supplies are exported or the Services are provided and agrees to obtain all necessary export and re-export permits or licenses at the Supplier's expense to ensure that Feller enjoys the full benefit under the relevant Order and these GPTC. Further, the Supplier shall supply Feller with the information regarding any applicable export controls rules and required permits or licenses for the Supplies to be shipped, in writing within three (3) working days from the receipt of Order. The Supplier shall also notify Feller in writing of any changes to such export and re-export controls regulations and/or permit or licensing requirements which may affect Feller's benefits under the Order. 24. DATA PROTECTION

Each Party shall comply at all times with its respective obligations under the provisions of the applicable data protection legislation and shall not perform its obligations under these GPTC in such a way as to cause the other to breach any of its applicable obligations under applicable data protection legislation.

GENERAL PURCHASING TERMS AND CONDITIONS

25. CHANGES TO SUPPLY

The Supplier shall inform Feller in writing of any decision to stop marketing the Supply or any major changes made to the Supply or to its manufacturing process and, in particular, any changes affecting the processes, including any material changes in its or its sub-contractors' processes, the procurement of critical components, the Supply's design, the location of the plant(s), provided such changes impact or may impact on the Supply's technical specifications, compliance with standards, lifecycle, reliability or quality. The Supplier shall inform Feller in writing nine (9) months prior to the marketing end date or the date scheduled for the implementation of any major change. Feller reserves the right to refuse any major change. All major changes remain under the full responsibility of the Supplier. 27. GENERAL PROVISIONS

27.1 The Order constitutes the entire agreement between the Parties and supersedes any prior agreement or arrangement in respect of its subject matter.

27.2 Nothing in these GPTC will be interpreted or construed as limiting or excluding the liability of any person for fraud or fraudulent misrepresentation.

27.3 A delay in exercising or failure to exercise a right or remedy under or in connection with the Order will not constitute a waiver of, or prevent or restrict future exercise of, that or any other right or remedy, nor will the single or partial, exercise of a right or remedy prevent or restrict the further exercise of that or any other right or remedy.
